+By providing your social security number, you understand that you give permission to Allband to perform a credit check and charge a security deposit if deemed necessary. If a security deposit is deemed necessary, Allband will review the customer's account on an annual basis to determine if the customer has had no more than 3 months with past due balances within the most recent 12 months. If the customer has had 3 months or less that have not had a past due balance, the customer will receive a credit on their next bill to refund the security deposit. If the customer has had more than 3 months that have had a past due balance, the security deposit will remain on the account. If the customer is in default and has been disconnected due to non-payment, the customer surrenders the security deposit to Allband. If the customer disconnects service for any other reason and the account is paid in full, Allband will refund the security deposit.

a) Subject to the terms and conditions of the Company, Applicant will purchase from the Company telecommunications services used on his/her premises and supplied by the Company. Applicant agrees that he/she will pay for such service (and equipment, if applicable) at the rates and charges fixed by the Company in accordance with the lawful orders and directives of the Federal Communications Commission and the Michigan Public Service Commission (MPSC). Applicant will pay a minimum monthly amount as set forth in this agreement. Bills shall be payable immediately upon receipt and past due if not paid by the 20th day of the billing month or after any payment date previously established by agreement between Applicant and the Company. If the bill is not paid when past due, the Company will apply a late payment charge of \$5 and a 1.5% Interest rate each month on the unpaid balance. When the bill becomes past due, the Company may start procedures for disconnection for non-payment. The procedure will include a written ten (10) day notice of disconnection of service, stating the date and time payment must be received in the Company's business office, a \$5 late fee and a \$10 late letter charge for such notice. If the subscriber does not pay the balance of the bill owing, plus any applicable late charges, or make arrangements with the Company to make payments, service will be disconnected. Before reconnection, the customer must pay a \$50 reconnect fee. Applicable Service Connection Charges, as set forth in the Rate Schedule of the current terms, will apply to each re-connection of service on paid delinquent accounts.
